

SAIKRISHNA BADIGER

vishwakarmasaikrishna@gmail.com — +91-6363326263 — GitHub — LinkedIn — Portfolio

TECHNICAL SKILLS

Programming: Core Java, Python
Java Concepts: OOP
Web: HTML, CSS
Databases: MySQL
Tools: Git, GitHub
Subjects: Data Structures & Algorithms, DBMS, Operating Systems

PROFESSIONAL SUMMARY

Computer Science undergraduate with strong foundation in Core Java, Object-Oriented Programming, and Data Structures. Experienced in backend application development with database integration and REST-based systems. Passionate about building scalable software solutions and writing clean, efficient code.

INTERNSHIP EXPERIENCE

Java Full Stack Intern – X-workz, Bengaluru Feb 2026 – Present

- Currently undergoing project-based training focused on Core Java and full-stack development.
- Working on implementing OOP concepts including classes, methods, constructors, and encapsulation.
- Developing structured Java programs involving control flow, arrays, and method interactions.
- Gaining hands-on exposure to real-time coding practices and debugging techniques.

PROJECTS

AI-Powered Resume Screening System

Flask, MongoDB, React, NLP

- Developed a full-stack application to automate resume evaluation and candidate ranking.
- Implemented backend APIs for text processing and similarity scoring using TF-IDF and cosine similarity.
- Designed MongoDB schemas and performed CRUD operations for candidate data management.

Abnormal Brain Tumor Classification Using ResNet50

Python, TensorFlow

- Built deep learning model using ResNet50 on 1,304 MRI images for multi-class tumor classification.
- Implemented preprocessing, training, and evaluation using precision, recall, and F1-score metrics.

Homestay Management System

HTML, CSS, JavaScript, MySQL

- Developed booking system with user registration and admin management modules.
- Designed relational database schema and implemented SQL queries for data handling.

PUBLICATION

Saikrishna Badiger

“Automated Abnormal Brain Tumor Diagnosis Leveraging ResNet50 Deep Convolutional Architecture”

Published in IEEE 4th International Conference for Advancement in Technology (ICONAT 2025).

Available on IEEE Xplore: [View Publication](#)

EDUCATION

B.E. in Computer Science and Engineering 2022–2026

Adichunchanagiri Institute of Technology

CGPA: 8.44 (7th semester)

PUC – PCMB 2021–2022

88.83%

SSLC – Karnataka State Board 2020

85.92%

LEADERSHIP & PROFESSIONAL ENGAGEMENT

- Coordinator – HACKABHiGNA 2025 (National Hackathon organized by Dept. of CSE, AIT)
- Conference Volunteer – IEEE International Conference 2025
- Participated in 3 Hackathons

CERTIFICATIONS

- NPTEL – Programming in Java (Elite)
- NPTEL – Big Data Computing (Elite with Silver)
- NPTEL – Machine Learning
- Front-End Development – Great Learning
